Hello everyone, we may get Zoom Perverts. So in full screen view, speaker view, pin yourself in blue box in upper right corner of your video thumbnail. Click minus sign above the thumbnail videos to hide them. Click on participants, drag box down to the lower edge so only your name shows. Stop video. Make sure you have a good profile photo of yourself to show here. The host can see you, but you can't see anybody else.

Make sure your device date is set to ___-___-___, and your device is set to the correct local time. Reset total page to zero. Those who misbehave will be ejected.

If you don't want to be filmed, click leave in lower right corner of screen. If you stay, you give us permission to film you, and sell or give free copies to, but not limited to, YouTube and local cable and TV stations. Download copies there. Record.
